

YOUR HELP IS DESPERATELY NEEDED!!!!

Imagine being 8 years old and having your whole life change in the blink of an eye. It happened to Amanda Dinnigan on February 21, 2007. Amanda was involved in a car accident which left her paralyzed from the chin down dependant on a ventilator. Now 12, she depends on her family and nurses for her 24/7 care.

Fortunately, her family has found a wonderful hospital (Kennedy Krieger Institute in Baltimore) which provides both physical and emotional therapy. Amanda spent over a month there this past spring and came back physically and mentally stronger. Unfortunately, her insurance only covers a four-week stay once a year. Her family is determined to bring her back at the end of this year at an out-of-pocket cost of over \$100,000. Please find it in your hearts to help this precious little girl. **Every dollar helps.**
